The Four Factors of Risk - American Management Association There are four main factors that contribute to the perception of risk in the mind and heart of the customer. 1. The size of the sale. The larger the sale, the more money involved, the greater the risk. If a person is buying a package of Lifesavers, the risk of satisfaction or dissatisfaction is insignificant. Risk Factors for Cancer - National Cancer Institute (There are also factors that are linked to a lower risk of cancer. These are sometimes called protective risk factors, or just protective factors.) Cancer risk factors include exposure to chemicals or other substances, as well as certain behaviors. They also include things people cannot control, like age and family history. A family history of certain cancers can be a sign of a possible inherited cancer syndrome. Heart Disease Risk Factors - New York State Department of ... Risk factors are behaviors or conditions that increase your chance of developing a disease. Risk factors for cardiovascular disease are also often risk factors for other chronic diseases. Many risk factors are related.

What Are the Risk Factors for Heart Disease?, HHS, NIH, NHLBI Each risk factor greatly increases a woman's chance of developing heart disease. But having more than one risk factor is especially serious, because risk factors tend to "gang up" and worsen each other's effects. 4 Risk Factors for Burnout and How to Overcome Them ... If you are in a culture that expects everyone to be stars, you may be at risk for burnout. What to do: One thing you can do is build a growth mindset , the belief that people can grow, change, and improve. Risk Factors for Heart Disease and Heart Attack - WebMD That makes it the most common heart disease risk factor. Nearly 1 in 3 adults has systolic blood pressure (the upper number) over 140, and diastolic blood pressure (the lower number) over 90, which is the definition of hypertension.

4 Critical Risk Factors in Selling - Brian Tracy Risk Factor 4: Unfamiliarity Lastly, one of the major risk factors is the customer's unfamiliarity with you, your company, and your products and services. A first-time buyer, one who has not bought the products and services before, or who has not bought it from you, is often nervous and requires a lot of hand-holding.
